Some Tips

- Know which program you are in
- Check the requirements of your program
- Use the study plan
- When you are developing your study plan, select courses you are interested in; and then for each course:
  - Checking course availability
  - Checking course prerequisites; it’s the students’ responsibility to make sure they have met all the prerequisites.
  - Level 7 courses are generally the most constrained ones.
- Research project is 1-year long; to help you perform better in your research project, you are encouraged to enrol in CIVL7505: Research Methods for Civil Engineers (offered in Sem 2) in your first year.
- UQ has zero tolerance for academic misconduct (e.g., plagiarism, AI misuse, Medical Certificate Fraud)
Research Thesis: A Year-Long (Two Semesters) Project
- CIVL7500 (8 units): Commencing a project in Sem 1
- CIVL7501 (8 units): Commencing a project in Sem 2
